

SUMMER FUN FOR THE KIDS . . . DESIGNED TO FIT YOUR SCHEDULE

Coastal Kids OCEAN ADVENTURE!

Open to kids from six to 11 years old.

- We hold nine sessions of Sea Camp throughout May, June and July.
- A session goes from Monday to Friday.
- Every day offers both a morning and an afternoon module.
- Modules are three-hours long. Mornings run from 9:30 to 12:30 and afternoons are from 1 to 4 p.m.
- Sign-up for all five days of a session, or any combination of days, morning or afternoon modules.
- Choose both morning and afternoon modules and your camper stays for lunch (you provide) free.
- Each three-hour module is \$30 (that's \$10 an hour).
- We also offer **After-Care** from 4 p.m. to 5 p.m. for \$10 each day.
- Bring your camper and have yourself a relaxing beach day!

Each module introduces your camper to a group of marine or fresh water animals native to coastal Georgia. All ten of our three-hour modules have a classroom, field, and gallery/husbandry component. The focus is on fun. Campers play games, conduct experiments, collect animals for a good look under our creature cam, make junk jellies, dig up a mock sea turtle nest, beachcomb, feed our resident animals, and learn how to help a dolphin in distress. In Friday afternoon's Marsh Trip module we trek around the marsh to explore its plants and creatures. Everything a coastal kid should know!

WATER ACTIVITIES

Sea campers do not go swimming, however, we do a lot of ankle-deep water activities. Older campers participate in seine net activities in waist-deep water.

WHAT TO WEAR AND BRING

Sandals and slip-on shoes work best, because we are both in and out all day long. Bring a change of clothes, bathing suit, towel, water bottle, sunscreen, and snack. If staying all day, bring their lunch. For Friday's Marsh Trips, campers should wear old closed-toed shoes, so they don't get stuck in marsh mud.

CURBSIDE DROP-OFF & PICK-UP

There is no free parking on Tybee Island. However, we offer curbside pick-up and drop-off, so you don't have park your car. Pull-up in front of the center and we'll wait for you under the awning.

Morning Module: Drop-Off is 9:15 to 9:30 a.m.

Pick-up is 12:30 to 12:45 p.m.

Afternoon Module: Drop-Off is 12:45 to 1 p.m.

Pick-up is 4 to 4:15 p.m.

After-Care: Pick-up is 5 to 5:15 p.m.

OTHER STUFF

- Marine science educators along with program assistants teach our camps.
- City of Tybee Island's Ocean Rescue (lifeguards) oversees beach activity throughout the summer.
- On our website, you can register online or download a registration form. For more information call us at 912-786-5917 or email Ike@TybeeMarineScience.org
- If you miss curbside drop-off/pick-up, you must pay for parking at the kiosk (tickets are \$35).
- While your camper learns - shop, sun, eat and relax!

Sea Camp Work Sheet - Choose a combination of days and times to fit your summer schedule!

Choose your session, then check the box of each module, lunch, and After-Care your camper will attend:
